

Tisan

Plastics Engineer

COMPOUNDS MADE OF ENGINEERING PLASTICS

More than
40 years
experience

Tisan Engineering Plastics specialized on production of compounds used as raw materials more than 40 years experience. Tisan produces competitive and favorable solutions to customers based on their requirements. Our aim is to provide competitive solutions, qualified products, flexible production, high-speed service with strong technical infrastructure and human quality in both standard and exclusive products for all markets.

CAPACITY

- 10.000 m² total covered area in two individual facility
- 30.000 MT/Year compound capacity, 5.000 MT/Year recompound capacity
- 140 employees

Accurate products,
competitive
solutions

Environment friendly
and high technology

Alternative Logistics
services, delivery on
time

Flexible production
capability

Expert and
powerful team

Technical
Support

Our quality is **your** **guarantee**

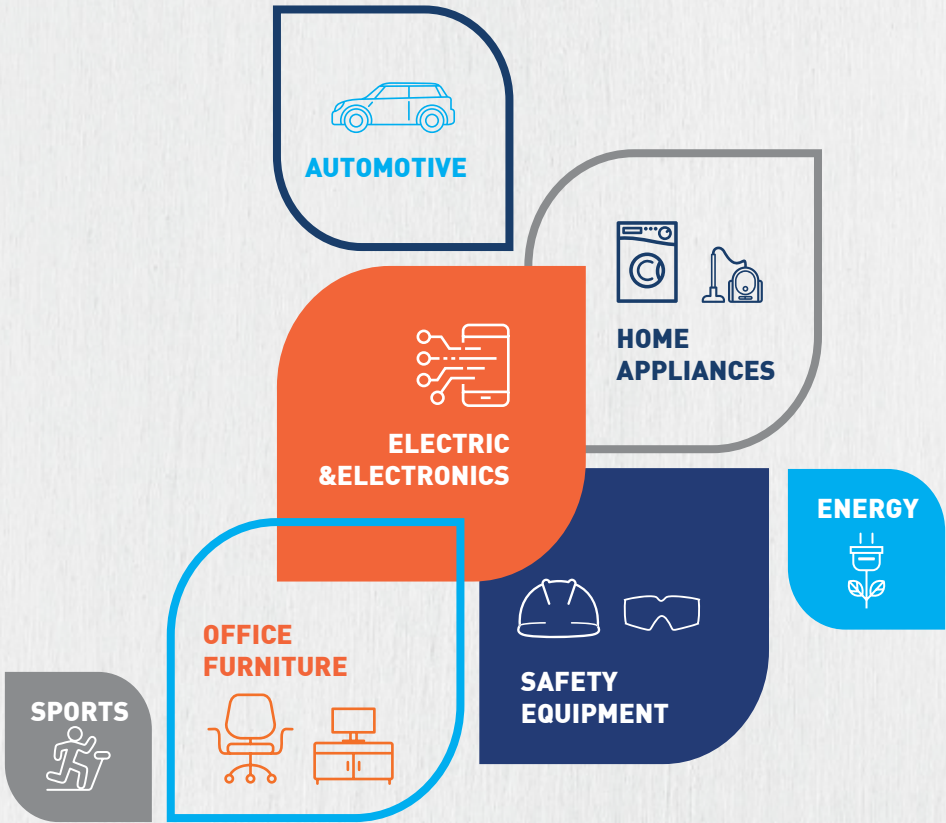

Our product reach reliably the customer having passed all the quality tests in our T-LAB laboratory matching international standards.

1 Mechanical tests	2 Physical properties	3 Weathering and aging tests
4 Flammability tests	5 Color arrangement and measurements	6 Thermal and flow analysis
7 Heat deflection analysis	8 Electrical and chemical resistance	9 Dimensional tests

Trademarked products for your valuable applications

Tislamid® PA6 COMPOUNDS	Tisoplen® PPH COMPOUNDS
Tislamid® PA6,6 COMPOUNDS	Tisoplen® PPC COMPOUNDS
Tisester® PBT COMPOUNDS	Tisoplen® PPRC COMPOUNDS
Tisakril® ABS COMPOUNDS	Tisren® PS COMPOUNDS
Tisarbon® PC COMPOUNDS	Tisetilen® PE COMPOUNDS
Tisaform® POM COMPOUNDS	Tisblend® COMPOUNDS
Tisapet® PET COMPOUNDS	ECOSTAR® COMPOUNDS

Plastics Engineer

R&D Center

Since its foundation, Tisan Engineering Plastics has become a part of the sector with intensive research and development activities. Tisan R&D Center was established in order to use research and development habits to develop new products, technological solutions and new business areas.

Our R&D Center is an important business unit with the values and opportunities which gives beyond of just doing research and development to its employees. The valuable ideas and works of our employees are realized as new products in the sector with the experience of Tisan.

Our R&D Center also adopts Tisan's philosophy and takes the direction of sustainable developments both nationally and internationally through collaborations with universities and technical staff from different disciplines.
